

Position Description

POSITION TITLE:	Surgical/Orthopaedic Intern
DATE OF EFFECT:	15th January 2018
TYPE OF EMPLOYMENT:	Full time-76 hours per fortnight
DIVISION:	Medical
ACCOUNTABLE TO:	Director of Medical Services
DIRECT REPORTS:	Director of Emergency/Supervisor of Intern Training, Surgical or Orthopaedic VMOs and Registrars
LIAISES WITH:	Medical, Nursing, Allied Health and support staff

Northeast Health Wangaratta (NHW) is a busy sub-regional integrated health service of 208 beds and is the major referral facility for the greater part of North East Victoria. NHW provides a wide range of acute specialist medical and surgical services including; an emergency department, critical care unit, obstetrics and gynaecology, paediatrics and specialised aged care, community rehabilitation, and inpatient, community, aged and psycho-geriatric mental health services. There is also a broad range of community health services and NHW auspices a number of other regional services in post acute care, palliative care and infection control.

The duties of this position are to be performed with adherence to the purpose and values of Northeast Health Wangaratta's strategic plan and compliance with the Code of Behaviour for staff of Northeast Health Wangaratta.

Vision

To be recognised leaders in rural healthcare

Our Values

Position Description

CODE OF BEHAVIOUR FOR STAFF AT NORTHEAST HEALTH WANGARATTA

Caring about what we do

We Will:

- Treat people equally
- Honour confidentiality
- Respect and uphold the rights of others

Caring about those we serve

We will:

- Exercise openness and fairness in our dealings with others
- Strive to provide the highest level of service

Demonstrating Professionalism

We will:

- Acknowledge our limitations
- Be willing to seek advice
- Maintain professionalism in all our interactions

Leading by Example

We will:

- Use our knowledge and skills to perform our duties to the best of our ability
- Cultivate and maintain relationships that support the goals of the organisation

Supporting each other

We will:

- Seek to resolve conflict rapidly and constructively
- Foster a safe, healthy and creative environment

Encouraging Innovation

We will:

- Value our interest in entrepreneurial activities
- Channel our creativity into tangible initiatives

Respecting Difference

We will:

- Recognise and tolerate individual differences in others, including gender, spiritual values, sexual preferences, age, disability and culture.

Communicating Openly and Honestly

We will:

- Communicate courteously
- Discuss differences in a clear and calm manner.
- Refrain from using behaviours that are abusive, intimidating or patronising.

KEY SELECTION CRITERIA

Essential

- Provisional Registration as a Medical Practitioner with AHPRA
- Ability to comply with the "Behavioural Outcomes" for this role (listed below)
- A current National Police Check (renewed every 3 years)
- A current Working with Children Check (renewed every 5 years)
- Statutory Declaration for applicable workers who have lived overseas

Position Description

ROLE STATEMENT

The primary role of the Intern is to consolidate clinical skills in the provision of high quality patient care and develop collaborative relationships with other junior and senior medical staff and nursing, allied health and other support staff.

The Intern assists and promotes these strategies by ensuring duties are performed within legislative /policy / guideline compliance including but not restricted to the NHW policies and procedures and relevant legislation pertaining to the delivery of health care.

The Goals of Internship (taken from “A guide for Interns in Victoria”, Dec 2009, PMCV).

- Consolidate and build on the theoretical knowledge you gained as an undergraduate and learn to apply it to caring for patients
- Develop the technical, clinical, personal and professional skills that form the basis of medical practice
- Take increasing responsibility for patient care, as your experience and understanding allows
- Start to develop professional judgement in the appropriate care of patients and the use of diagnostic and consultant services
- Work within the ethical and legal framework taught at medical school
- Contribute to a multidisciplinary health care team
- Explore personal career goals and expectations
- Encounter and develop strategies to deal with the professional and personal pressures associated with being a medical practitioner

Learning Objectives (note: refer to ACF for other specific learning objectives not detailed in this PD)

Clinical Management

- Take a comprehensive history with specific reference to prior medical conditions/ surgical treatments and perform a complete and accurate physical examination for each patient under your care and record this legibly in the patients medical record
- Identify and prioritise the issues/problems relevant to the patient’s presentation and future well-being and refer up deteriorating patients
- Develop a differential diagnosis, formulate an appropriate management plan and implement it after consultation with your clinical senior (Registrar/Consultant)
- Perform appropriate pathology ordering and investigation based on evidenced based practice and be able to correctly interpret the results
- Demonstrate competence and knowledge of medical and surgical conditions and treatments
- Make effective use of medical technology in the diagnosis and care of patients
- Become familiar with agreed protocols for the management of emergencies
- Perform common procedures for the management of acute conditions (with adequate supervision)
- Develop an appreciation of which patients and types of conditions require hospital admission as opposed to those who may be best managed within an outpatient, community and other ambulatory settings
- Complete an electronic discharge summary and send to the patients GP within one day of discharge
- Refer cases to the coroner promptly
- Undertake such duties as the DMS, VMO or HMO Manager may determine either by roster or from time to time as occasion may demand

Position Description

Professionalism

- Develop a clear understanding of the medico-legal responsibilities and indemnity issues as appropriate to rural practice.
- Refer medico-legal issues to the Director of Medical Services for advice and direction
- Demonstrate a commitment to the principles of co-ordination of care and the provision of continuity of care
- Work as a member of a team of professionals, understanding the role and expertise of each member of the team.
- Develop time management skills
- Develop an appreciation for sharing knowledge and assisting others in the team to learn
- Make the most of opportunities to become involved in research and educational bodies/committees
- Learn to monitor your own health and welfare for your benefit and the benefit of patients, colleagues and family
- Appreciate the particular need and difficulty in maintaining confidentiality in rural/remote communities
- Demonstrate an awareness of the differing client needs with regards to resource availability especially in rural/remote communities
- Demonstrate respect for patients , their families and carers
- Demonstrate an awareness of cultural, ethical and religious beliefs as they may impact on patient's and their families' wishes
- Make such reports and issue certificates as are necessary by the nature of the appointment
- Advise the DMS, VMO or HMO Manager as early as possible when unable to attend to rostered duties because of sickness, accident or other event or if it is necessary to leave the hospital during a period of duty

Communication

- Develop an appreciation of how to communicate effectively with patients, their relatives, peers, supervising medical staff, nursing and allied health colleagues, departments where investigations are being conducted, referring doctors, medical records staff and switchboard staff
- Become familiar with the requirements for presenting patient case histories and clinical details at the bedside during ward rounds concisely and with appropriate sensitivity to each patients condition, needs and wishes
- Become familiar with the requirements for presenting at unit and other meetings, as well as to other clinical staff when requesting consultations from or transfer to other units
- Recognise the effect of language, cultural differences and socio-economic status on communication
- Develop an understanding of the requirements for informed consent and be able to obtain informed consent
- Be able to document precisely, accurately and legibly information related to patient care
- Provide safe and effective handover utilising current hospital programs and policies

Position Description

Organisation Strategic Priorities

- Detail duties under each priority

- Attend monthly medical grand round
- Participate in clinical meetings and journal clubs
- Complete performance appraisal at 5 and 10 weeks with training supervisor, based on the Australian Curriculum Framework for Junior doctors

Organisational Management

- Meet and maintain standards of regulatory compliance for administrative and clinical information records & systems within the Australian Legislation and Regulation, Victorian Legislation and Regulation (ie Public Record Office of Victoria) and Northeast Health Wangaratta Policy and Procedure Framework.

Facilities & Environment

- Understand and comply with the general principles of the Occupational Health and Safety Act
- Hospital provided accommodation is respected and any maintenance or faults are reported to engineering or medical workforce ASAP

Community & Partnerships

- Develop relationships and communicate effectively with General Practitioners in a timely manner
- Activate appropriate referrals, in consultation with other senior and junior medical staff to hospital or community agencies

BEHAVIOURAL OUTCOMES

- Team player
 - Cooperates and works well with others in the pursuit of team goals
 - Collaborates and shares information
 - Shows consideration, concern and respect for the feelings and ideas of others
 - Accommodates and works well with the different working styles of others
 - Encourages resolution of conflict within the team
- Demonstrated ability to withstand conflicting priorities
 - Perseveres to achieve goals, even in the face of obstacles
 - Copes effectively with setbacks and disappointments
 - Remains calm and in control under pressure
 - Accepts constructive criticism in an objective manner
- Able to build relationships
 - Establishes and maintains relationships at all levels
 - Promotes harmony and consensus through diplomatic handling of disagreements
 - Forges useful partnerships with people across departments and services
 - Builds trust through consistent actions, values and communication
- Possesses appropriate communication, consultation and interpersonal skills
 - Collaborates and shares information

Position Description

- Ensures good working relationships exist with internal and external customers, external health providers, government departments and all stakeholders
- Customer service
 - Respects the cultural needs of others
 - Communicates effectively
 - Treats patient's family and visitors with respect at all times
 - Abides by all NHW values of integrity, compassion, excellence and respect

Appraisal and Individual Development Work Plan

This will be completed during the 5th week of rotation and at the commencement of the 10 week of the rotation, both with the training supervisor. Copies of this will be kept by the Intern, training supervisor, medical workforce at NHW and the parent hospital.

The position description will be reviewed annually.
