

Rosters

All health services are required to provide the Intern with a 28 day Roster at least 14 days in advance.

Attached are examples.

All CEO's / Health Services have been requested to organise the rosters and make available for the Intern well within the required 14 days in advance.

ie. Rosters for the 1st term commencing 16th January 2012 – a request has already been made to CEO's/Representatives of each health services to have these rosters to the M2M administration department by end of November 2011.
