**M2M Intern Program Website – [www.m2m.asn.au](http://www.m2m.asn.au)**

## **AMC Documents**

### **Intern Training – Intern Outcome Statements**

A broad outline of the significant outcomes an Intern must achieve to successfully complete internship.

### **Intern training – National Standards for Programs**

The minimum standards for intern training programs. These criteria are used by postgraduate medical councils to accredit an intern training program.

### **Intern training – Guidelines for terms**

A guide to the experience an intern should have during medicine, surgery, emergency medical care, and other terms during internship.

### **Intern training – Term Assessment Form (also available on the M2M Website)**

The form both the Intern (for self-assessment) and the supervisors use to provide feedback and assess the intern's performance. Developed to align with the *Intern training – Intern outcome statements*.

### **Intern training – Assessing and certifying completion**

A guide to how assessment works in intern training, including assessment criteria, forms, what happens with remediation, and how an internship is certified as complete.

### **Intern training – Domains/Criteria for assessing accreditation authorities**

This document outlines the criteria the AMC uses to accredit Postgraduate Medical Councils.
